Gensource Potash Corporation

Notes to Condensed Interim Financial Statements
Three and Six Months Ended June 30, 2020 and 2019
(Expressed in Canadian Dollars)
(Unaudited)

1. Nature of operations and going concern

Gensource Potash Corporation (the "Company" or "Gensource") is based in Saskatoon, Saskatchewan and is focused on developing resource opportunities with a specific focus on potash development. As is common with many exploration companies, it raises financing for its exploration and development activities. Its registered head office is located at the care of Peterson McVicar LLP, 18 King Street, Suite 902, Toronto, Ontario, M5C 1C4.

In March 2020, the World Health Organization declared coronavirus COVID-19 a global pandemic. This contagious disease outbreak, which has continued to spread, and any related adverse public health developments, has adversely affected workforces, economies, and financial markets globally, potentially leading to an economic downturn. It is not possible for the Company to predict the duration or magnitude of the adverse results of the outbreak and its effects on the Company's business or ability to raise funds.

The unaudited condensed interim financial statements have been prepared on a going concern basis, which assumes that the Company will be able to realize its assets and discharge its liabilities in the normal course of business for the foreseeable future. The Company incurred a net loss for the six months ended June 30, 2020 of \$1,916,396 (six months ended June 30, 2019 - \$750,484) and had an accumulated deficit in the amount of \$27,104,804 at June 30, 2020 (December 31, 2019 - \$25,188,408). These conditions indicate a material uncertainty that may cast significant doubt on the Company's ability to continue as a going concern. The Company is in the exploration stage and is subject to the risks and challenges similar to other companies in a comparable stage of exploration. As at June 30, 2020, the Company had working capital of \$2,798,536 (December 31, 2019 - \$5,616,968).

The Company's ability to continue operations, as intended, is dependent on its ability to continue to raise adequate financing in order to sustain ongoing expenditures and to explore and evaluate resource properties. The Company has taken additional steps to preserve cash. However, there can be no assurance that the Company will be able to obtain sufficient financing to continue its operations or to recover its exploration and evaluation assets. Accordingly, there exists a material uncertainty that casts significant doubt about the Company's ability to continue as a going concern.

These unaudited condensed interim financial statements do not reflect any adjustments or other changes that may be required should the Company be unable to continue as a going concern. Such adjustments and changes could be material.

2. Summary of significant accounting policies

Statement of compliance

The Company applies International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB"). These unaudited condensed interim financial statements have been prepared in accordance with International Accounting Standard 34, Interim Financial Reporting. Accordingly, they do not include all of the information required for full annual financial statements required by IFRS as issued by the IASB.

The policies applied in these unaudited condensed interim financial statements are based on IFRS's issued and outstanding as of August 26, 2020, the date the Board of Directors approved the statements. The same accounting policies and methods of computation are followed in these unaudited condensed interim financial statements as compared with the most recent audited annual financial statements as at and for the year ended December 31, 2019, except as noted below. Any subsequent changes to IFRS that are given effect in the Company's annual financial statements for the year ending December 31, 2020 could result in restatement of these unaudited condensed interim financial statements.

Gensource Potash Corporation

Notes to Condensed Interim Financial Statements
Three and Six Months Ended June 30, 2020 and 2019
(Expressed in Canadian Dollars)
(Unaudited)

2. Summary of significant accounting policies (continued)

New accounting standard adopted

IFRS 3, Business Combinations ("IFRS 3")

Amendments to IFRS 3, issued in October 2018, provide clarification on the definition of a business. The amendments permit a simplified assessment to determine whether a transaction should be accounted for as a business combination or as an asset acquisition. The amendments are effective for transactions for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after January 1, 2020. The adoption of the amendments had no impact on the Company's unaudited condensed interim financial statements.

IAS 1, Presentation of Financial Statements ("IAS 1")

Amendments to IAS 1, issued in October 2018, provide clarification on the definition of material and how it should be applied. The amendments also align the definition of material across IFRS and other publications. The amendments are effective for annual periods beginning on or after January 1, 2020 and are required to be applied prospectively. The adoption of the amendments had no impact on the Company's unaudited condensed interim financial statements.

IAS 8, Accounting Policies, Changes in Accounting Estimates and Errors ("IAS 8")

Amendments to IAS 8, issued in October 2018, provide clarification on the definition of material and how it should be applied. The amendments also align the definition of material across IFRS and other publications. The amendments are effective for annual periods beginning on or after January 1, 2020 and are required to be applied prospectively. The adoption of the amendments had no impact on the Company's unaudited condensed interim financial statements.

Recent accounting pronouncement

Certain pronouncements were issued by the IASB or the IFRIC that are mandatory for accounting periods commencing on or after January 1, 2021. Many are not applicable or do not have a significant impact to the Company and have been excluded.

3. Exploration and evaluation assets

The Lazlo Project

In January 2013, the Company began the process of acquiring freehold potash leases from private mineral titleholders in area surrounding the town of Craik in central Saskatchewan (the "Lazlo" potash prospect). The Company currently has signed 14 lease agreements covering 6,162.56 acres of freehold subsurface mineral rights in the vicinity of the town of Craik, Saskatchewan. Each of the freehold potash leases grants to the Company the exclusive rights to explore, prospect and remove subsurface minerals for a term of twenty-one years subject to the Crown Royalty rate on potash sold and a \$1.00 per acre annual rental.

Gensource Potash Corporation

Notes to Condensed Interim Financial Statements
Three and Six Months Ended June 30, 2020 and 2019
(Expressed in Canadian Dollars)
(Unaudited)

3. Exploration and evaluation assets (continued)

The Vanguard Project

The Vanguard Area is located in central Saskatchewan and comprises two mineral leases that have been acquired from Yancoal Canada Resources ("YCR").

On May 18, 2018, the Company entered into a definitive, binding off-take agreement ("Agreement" or "Off-take") with a senior North American agriculture industry leader (the "Off-taker"). The Agreement incorporates the essential elements which are:

- ◆ Purchase of 100% of the production from one "module" of 250,000 tonne/year capacity,
- ◆ A preliminary marketing plan that facilitates Gensource's goal of creating a direct link between a potash producing facility in Saskatchewan and the end user,
- ◆ 10-year term with an option to renew for the life of the project,
- ◆ Right of first refusal for the Off-taker to purchase any additional product that may be produced at the project either through de-bottlenecking or expansion of the productive capacity of the facility,
- ◆ Right of first refusal to purchase the project should Gensource elect to sell any portion of it.

In August 2018, the Company received a determination of "not a development" from the Saskatchewan Ministry of Environment, Environmental Assessment and Stewardship Branch. This allows the Vanguard project to proceed to the detailed construction licensing/permitting process having achieved environmental approval.

On May 2, 2019, the Company entered into non-binding Memoranda of Understanding (MOU) to form a joint venture company ("**JVCo**") to develop the Tugaske Project, "formerly known as Maverick" (the "**Project**") within the Vanguard Area. The following agreements have been signed for Tugaske Project:

- ◆ Offtake Agreement: A non-binding MOU for offtake has been completed with a large and well-respected international fertilizer manufacturing and distribution company. Offtake MOU terms include:
 - Obligation to purchase 100% of the production from one module of 250,000 metric tonnes per year,
 - Typical take or pay offtake provisions,
 - 10-year duration, with option to renew,
 - Product sale and title transfer at the mine site (FCA mine site), and
 - Market-based pricing formula.
- ◆ Offtaker Project Equity Investment: A non-binding MOU by the offtaker for direct equity investment into JVCo, alongside Gensource and one other third-party investor. The equity investment will be in the form of cash and equal to 25+% of JVCo ownership.
- ◆ Third Party Project Equity Investment: A non-binding MOU for the largest equity investment of approximately 33% from a third-party investor.

During 2019, the Company closed a royalty sale ("Royalty") on the Tugaske Project to be developed within Gensource's Vanguard Area (comprising mineral leases KL244 and KL245). The Company sold two royalties totaling the 2% of gross revenues on the Tugaske Project for US\$6,000,000 (\$7,918,800) and the two purchasers were the Project's off-taker and a strategic third party investor. The royalty proceeds were applied against the carrying value of the Project.

(Unaudited)

3. Exploration and evaluation assets (continued)

The Vanguard Project (continued)

On October 18, 2019, the Company formally mandated KfW IPEX-Bank GmbH (“KfW IPEX-Bank”) to act as Lead Arranger for the senior debt component (“Debt Facility” or “Facility”) for the Tugaske Project finance package. The Agreement indicates that: (a) KfW IPEX-Bank will be the Lead Arranger to arrange the Debt Facility for the Tugaske Project; (b) A total Debt Facility of approximately US\$180 million is agreed; (c) A significant portion of the Facility is to have Export Credit Agency (ECA) coverage to reduce lender risks and the Project’s interest costs; ECA due diligence will also be overseen and managed by KfW IPEX-Bank; (d) KfW IPEX-Bank will complete its due diligence work, including the in-depth review of technical, environmental, social, market and financial aspects of the project; (e) KfW IPEX-Bank will manage syndication of the Debt Facility and plans to support the Project with a significant take and hold commitment.

On May 19, 2020, the Company announced that Societe Generale was added to the senior bank consortium group.

Balance, June 30, 2020	32,200,000	0.12

The weighted average grant date fair value of options granted during the six months ended June 30, 2020 was \$0.07 (June 30, 2019 - \$0.11).

Gensource Potash Corporation

Notes to Condensed Interim Financial Statements Three and Six Months Ended June 30, 2020 and 2019 (Expressed in Canadian Dollars) (Unaudited)

8. Stock options (continued)

(1) On February 1, 2019, the Company granted 1,500,000 options to directors of the Company. The stock options have an exercise price of \$0.105 per share and are exercisable for a period of 5 years. The options vested immediately. The estimated fair value of these options at the grant date was \$119,187 using the Black-Scholes valuation model. During the three and six months ended June 30, 2020, \$nil (three and six months ended June 30, 2019, \$nil and \$119,187, respectively) was expensed. The underlying weighted average assumptions used in the estimation of fair value in the Black-Scholes valuation model are as follows:

- Risk free rate: 1.86%;
- Expected life: 5.0 years;
- Expected volatility: 112% based on historical 5 year trends;
- Forfeiture rate: nil;
- Expected dividend yield: 0%; and
- Weighted average share price: \$0.10.

(2) On February 10, 2020, the Company granted an aggregate of 300,000 stock options to consultant at an exercise price of \$0.11 per share, exercisable for a period of 5 years. The options vested 75,000 immediately; 75,000 on May 10, 2020; 75,000 on August 10, 2020; and 75,000 on November 10, 2020. The estimated fair value of these options at the grant date was \$26,100 using the Black-Scholes valuation model. During the three and six months ended June 30, 2020, \$14,938 and \$21,463, respectively was expensed. The underlying weighted average assumptions used in the estimation of fair value in the Black-Scholes valuation model are as follows:

- Risk free rate: 1.31%;
- Expected life: 5.0 years;
- Expected volatility: 110% based on historical 5 year trends;
- Forfeiture rate: nil;
- Expected dividend yield: 0%; and
- Weighted average share price: \$0.11.

(3) On March 1, 2020, the Company granted an aggregate of 1,000,000 stock options to a director of the Company at an exercise price of \$0.085 per share, exercisable for a period of 5 years. The options vested immediately. The estimated fair value of these options at the grant date was \$165,000 using the Black-Scholes valuation model. During the three and six months ended June 30, 2020 \$165,000 was expensed. The underlying weighted average assumptions used in the estimation of fair value in the Black-Scholes valuation model are as follows:

- Risk free rate: 0.55%;
- Expected life: 5.0 years;
- Expected volatility: 113% based on historical 5 year trends;
- Forfeiture rate: nil;
- Expected dividend yield: 0%; and
- Weighted average share price: \$0.085.

9. Net loss per common share

The calculation of basic and diluted loss per share for the three and six months ended June 30, 2020 was based on the loss attributable to common shareholders of \$1,319,281 and \$1,916,396, respectively, (three and six months ended June 30, 2019 – \$273,805 and \$750,484, respectively) and the weighted average number of common shares outstanding of 383,076,891 and 382,954,913, respectively, (three and six months ended June 30, 2019 – 352,854,028 and 367,828,885, respectively). All outstanding options and warrants were excluded from the calculation of diluted loss per share because their effect was anti-dilutive.
